

FLEXIBLE GRADES 9-12 PARTNERSHIP

Build the Student Ledger before application season.

The subscription connects student reflection, school context, and counselor workflow across the selected grades.

One cumulative Student Ledger, deepening every year.

Student voice, teacher feedback, counselor notes, school records, writing, and progress become one secure, counselor-ready record.

Students contribute meaningful context

Guided reflection surfaces strengths, interests, stories, support needs, and next steps.

Counselors receive usable insight

Meeting preparation, recommendation support, fit guidance, and targeted follow-up.

The Ledger compounds

Each year creates a richer picture before the highest-stakes counseling work begins.

THE FOUR-YEAR COMPOUNDING ADVANTAGE

9

KNOW

Belonging & learning

Start with connection, learning, and transition.

10

EXPLORE

Values & possible futures

Test interests and connect choices to meaning.

11

PLAN

Well-being, fit & story

Build list direction and recommendation evidence.

12

ACT

Applications & transition

Use the full story for action and decisions.

Included in every annual subscription

- Student access and cumulative Ledgers
- Grade-specific conversation journeys
- School-approved uploads and context
- Counselor dashboard and workflows

Implementation and success

- Configuration and counselor training
- Secure roster setup and launch materials
- Progress visibility and support
- Program review and ongoing optimization

MULTI-GRADE PRICING

More grades. Deeper context. Lower per-student pricing.

Final pricing uses actual participating enrollment and selected grades. Addie provides a school-specific quote.

1 grade \$50 per student / year	2 grades \$40 per student / year	3 grades \$35 per student / year	4 grades \$30 per student / year
---	--	--	--

No arbitrary school-size example.

The quote reflects the real grades and students the school intends to serve—not a hypothetical enrollment total that can distract from the value.

Why schools expand across grades

One grade: improve a high-value workflow.

Two grades: begin earlier and connect development to planning.

Three grades: build evidence before application pressure.

Four grades: create a complete longitudinal record.

Getting started is included

A member of the Addie team configures the real account with your counselors in a 30-minute working session. The team leaves ready to manage journeys, dates, students, messages, and progress.
